To Whom It May Concern:

Please accept this letter of recommendation as our endorsement of the fine work Grondin Construction has provided to Ivey Ranch Park Association for the past two years. Having met Anthony and Caroline of Grondin Construction over four years ago, we have just recently been fortunate enough to work with them on a series of remodeling and reconstruction projects funded through Community Development Block Grants and the City of Oceanside. We have reconstructed a stairway, added a bathroom, redone concrete entry ways, and a multitude of other safety and accessibility projects throughout our 12-acre facility.

Ivey Ranch Park is a 28-year old private, non-profit corporation that provides care and recreational programs to children with special needs. Better than half of our funding is through grants and donations and we are very careful with the money we are gifted with. Grondin construction has repeatedly provided exceptional customer service in addition to completing all projects on time and on budget. Prevailing wage paperwork has been completed accurately and submitted to the appropriate personnel on time.

I enthusiastically recommend Grondin construction for any project that they would step forward to bid on. They have exceptional industry knowledge, customer service, and the ability to accurately bid and complete projects as prescribed.

I invite you to contact me at your convenience should you wish to speak further on the merits of their work.

Sincerely,

Tonya Danielly
Executive Director
